WHY APACHE OPENOFFICE™?

✻ Not for Profit (NFP) organizations of all sizes are turning to Apache OpenOffice™ - software that meets their needs and shares their values.

✻ Software for all.

◆ With Apache OpenOffice™, NFPs have access to essential office software which is every bit as good as the expensive commercial tools used by those for whom money is no object.

◆ Developed over twenty years, Apache OpenOffice™ is a mature, stable, product, guaranteeing trouble-free usage.

✻ Apache OpenOffice™ prides itself on its compatibility with other office software.

◆ NFPs who rely on voluntary workers appreciate the fact that people who have any office software experience are immediately at home with Apache OpenOffice™.

✻ Amazingly, Apache OpenOffice™ comes without any license fees, or any worrying small print.

APACHE OPENOFFICE™ IS ODF COMPLIANT

ISO 23600, the Open Document (ODF) format is an international standard supported by all major office software vendors.

Open standards, such as ODF, facilitate automation and are vital to supporting collaborative work environments.

Apache OpenOffice™ is a leading international force in the movement for digital inclusion - making software of the highest quality available to all, regardless of income.

APACHE OPENOFFICE™ IS A COMMUNITY DRIVEN PROJECT

Join with the Apache OpenOffice™ international community to exchange ideas, look for inspiration, or just ask for help.
